Llain Activity Centre has been offering exciting daily activities since 1991 ...

*Why not come and try
some new activities today!*

Daily Activities - Time for a quick blast!

For a quick blast of the Llain experience why not try our daily activity packages. Perfect for local groups or those who are visiting the area for a shorter time. Typically we provide a dry session with Climbing, Abseiling and Archery and then a wet session of Kayaking followed by our legendary Assault Course.

Activities are scheduled during the busier holiday periods (Easter to October) so that individuals or families can join in. Alternatively, for small groups we can lay on a bespoke package throughout the year. Our Sky Tower also offers a spectacular vertical challenge and can be completed in a half day or combined with other activities to complete a full day.
